## ABOUT US

We are a family-owned business based in Manchester, operating across the UK since 2011.

Our goal has always been to provide our clients with excellent customer service and supply the highest quality products.

Our Manchester showroom is regularly updated in line with the newest trends, products and brands to reflect our vision of design and quality.

**Waterworks Henry Shower Brassware In Polished Nickel**  
**2.B Docce Bespoke Shower Glass In Polished Nickel**

# DESIGN SERVICE

---

Our team of experienced designers is here to help bring your vision to life with computer-generated imagery (CGI).

We have a vast portfolio of brands and products to choose from, as well as over 50 years of design knowledge to guide you in the right direction.

Our service includes 2D floor plans and realistic 3D renders, so you can see exactly what your bathroom will look like before it's built. We can import any product into the design to show you how it will fit in.

This allows us to explore various options and combinations to ensure you or your client gets the bathroom of their dreams.

Our portfolio covers all aspects of bathrooms, from showers and toilets to custom furniture and Japanese wooden baths. We even offer home wellness and spa options to help you create a truly relaxing and rejuvenating space.

# DESIGN SERVICE

---

Where a showroom visit is not possible, we offer a remote design service that includes digital moodboards to help you visualize color schemes and product options.

Our remote design service allows us to present multiple ideas quickly and realistically, without the constraints of travel and space.

If you prefer, you can also create physical moodboards on-the-go in our Manchester showroom.

For larger projects, we can send out furniture, tile, and brassware samples for you to review.

**Flaminia Pass 60cm Countertop Basin In Matt Clay**

**Bespoke Chevron Orange Fired Ceramic Tiles 20.5cm x 8cm**

**Sawyer Green 120x280cm  
Polished Porcelain Slab**

# TILES

---

Our extensive range of tiles includes mosaic, ceramic, porcelain, and more in a variety of sizes to suit any design vision.

We are proud to partner with a select group of reputable European suppliers to guarantee exceptional craftsmanship, quick turnaround times, and outstanding customer service.

Large format tiles are currently in high demand for use in a variety of spaces, including bathrooms, living areas, kitchens, hallways, and even outdoor walls.

As a result, we offer a diverse array of over 100 collections of large format tiles from industry leading manufacturers and designers.

**Controcorrente EQ Dekor Wallpaper**  
**Bespoke Ashton & Bentley Ithaca Dual Colour Bath**  
**Fantini Milano Bath Shower Mixer In Matt Gunmetal PVD**

# WALLPAPER

---

Aside from porcelain and ceramic tiles, we are also offering a vast range of fully waterproof fiberglass wallpapers, specially made for wetrooms.

These provide a bold addition to any room and work especially well on entire walls, matched with large, plain tiles and coloured sanitaryware.

Each wallpaper graphic is made and scaled to size to maximise the effect.

The wallpaper eliminates the appearance of visible grout lines and cleaning couldn't be easier – all you need is a wet cloth.

Our wallpaper collection contains over 150 different patterns to choose from.

# NATURAL STONE

---

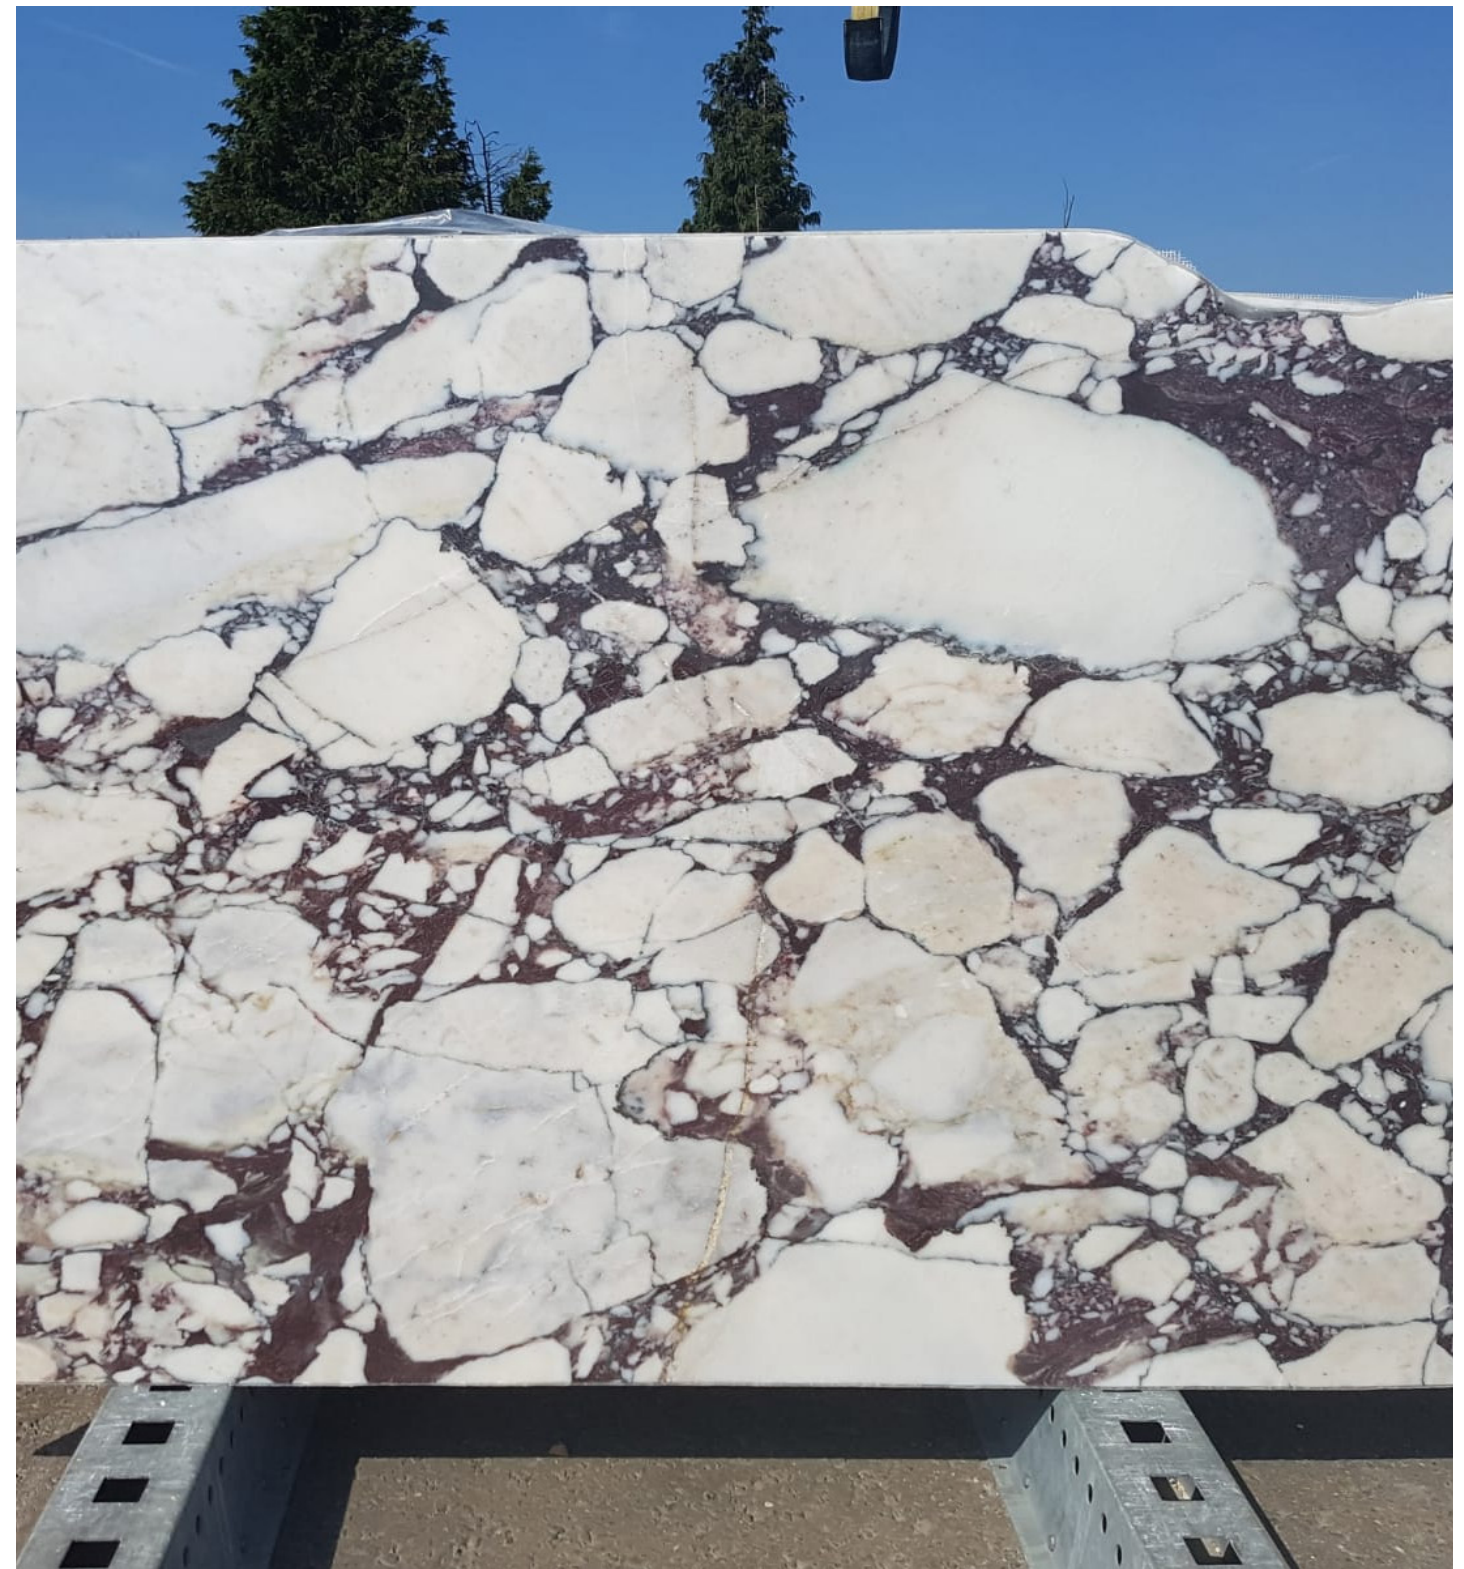

We are collaborating with a few carefully selected stone yards and experts from across the UK.

Natural stone slabs can be a lovely addition to any bathroom, bringing nature right into your home.

Marble, quartz, granite, onyx, limestone, and travertine are among the materials available.

The slabs are suitable for use as wall and floor coverings, as well as bathroom and kitchen worktops, bath surrounds, furniture and accessories.

Calacatta Viola 2cm Marble - Block 1500  
Cullifords, Kingston-upon-Thames

# BATHROOMS

---

We are more than just a design and supply company. We also offer professional installation services to ensure that your new bathroom is not only beautiful but also expertly and efficiently installed.

We have been installing luxury and designer bathrooms for over 20 years and we mainly serve customers in East and South Manchester, Cheshire, and North and West London.

While we primarily serve the mentioned localities, we also have experience working with fitting companies from all across the UK. This allows us to provide our design and delivery services to a wider range of customers.

We understand that renovating a bathroom can be a stressful and disruptive process, which is why we strive to minimize any disruptions and complete the installation as efficiently as possible. Our goal is to not only meet, but exceed your expectations and leave you with a bathroom that you will love for years to come.

**Graff Finezza Bath Set With Handshower In Brushed Nickel Finish**  
**Graff Finezza Bath In Sleekstone White Finish**

# BRANDS

---

We are proud to offer a diverse portfolio of high-end bathroom brands such as Sunshower, Catalano, Waterworks, Graff, and Fantini.

We also support quality British brands like Bard & Blackwood, Sterlington, Vado, Roman, and BC Designs, as well as well-known manufacturers like hansgrohe, Bette, Vitra, and Roca.

In addition to our extensive selection of bathroom fixtures and fittings, we also offer a range of customizable, handmade furniture options. Our portfolio includes both a modular, affordable line of our own furniture as well as highly bespoke Italian brands like Cerasa, Artesi, Iotti, and NIC Design.

No matter your style preferences, our design team will work with you to create the bathroom of your dreams – whether that be a traditional cloakroom or a modern home wellness spa.

# PROFESSIONALS

---

With a combined 50 years of experience, our team can support and help you with designs, ideas, tender specification, pricing and technical info.

We offer competitive trade discounts and will work to provide the best offer to help save you time and money.

## WELLNESS by SunShower

SunShower is an innovative Dutch company, with patented and safe products, especially designed to improve both mental and physical health.

It uses two different set of lights - UV and Infrared.

The UV light is used to increase production of Vitamin D, through a very low dose of UVB and UVA wavelengths (90-10% split).

This helps the skin to create pigment and thickens it which protects against the summer sun.

Vitamin D also improves mental wellbeing, especially on cold and rainy days.

Low dose UV light has also been proven to have a positive effect on complex skin conditions such as eczema, psoriasis and vitiligo.

SunShower's Infrared lamps are designed to increase blood circulation by utilising both short (IRA) and medium (IRB) waves.

By doing so, it improves recovery and creates a feeling of relaxation in joints and muscles.

The product is fully waterproof and designed to be used during a shower, with an internal timer for each session, ensuring safe use.

For more information, please contact us for brochures or check out SunShower's site.

## WELLNESS SHOWERING

We believe that everyone should be able to have their own peaceful oasis, and what a better way to unwind at the end of the day than your own home spa-like shower.

We work with quality brands like Zazzeri, Graff, Fantini and Emporio Bagno amongst others to offer the highest quality showering products.

For the full range, please contact us  
or check out these sites.
